

Erasmus+ Pula

About Erasmus+: In our school every 7th and 8th graders have a chance to go to Erasmus+. Only 15 children can come and you need to have good marks for every subject. Luckily, I met all these requirements, and I could go to Pula in Croatia.

First day: On the first day of the trip, we needed to get to Pula from Dunakeszi by bus. It was a long journey, and it took around 10 hours to get there. We arrived at around 6.30 p.m. and after that we got some time to explore the hotel and eat the dinner.

Second day: On the second day we went to „Osnovna Skola Vidikovac”. The Croatian kids were very kind with us, and they introduced their school. We had dinner at the school. In the afternoon we went to Rovinj. It's a beautiful town near Pula and next to the sea. We've got some free time to explore Rovinj, and I ate a delicious pizza with Merse.

Third day: On the third day we had a trip in Pula, and a tour guide told us information about the city. In the afternoon we sailed around the islands near Pula.

Fourth day: On the fourth day of the trip, we went to Kamenjak National Park, and we went on a walk there. It was a beautiful forest with the Croatian children's favourite plant called asparagus. In the afternoon we had free time in Pula, and I bought a nice Adidas T-shirt.

Fifth day: On the fifth day we went to the school, and we attended some classes, for example ICT and pottery classes. In the afternoon we got some free time in the city, after that we went to the hotel and got dressed for the party at the school. It was great, we could dance and eat a lot.

Sixth day: On the sixth day we went to the school for the last time. We attended some lessons, for example an English and a music class. After that Panna, Nóri, Domi, Ákos and I showed the video and made a presentation about our school. They really liked our video which we had made for the video contest competition. In the afternoon we went to the beach and some of us bathed in it – it was very cold. After that we went to a place called aquarium - it's a place with lots of aquariums with different types of water creatures. It was really good. After that we could see the sunset nearby and it was beautiful. We saw some dolphins too. In the evening, we went back to the hotel, and we played our last Cluedo party together in Croatia. Our teachers surprised us with a show called „A fele sem igaz” and it was funny and we realized how much we know about Croatia and Pula.

Overall: I think this week was really good for my English because I got the chance to speak with Croatian people. I got to know some very kind Croatian children. I made friends with the 8th graders at our school. I didn't know them before, but they are really nice, and I think this friendship will last for long.
