- The school is very similar
- They have 6-7 lessons a day but they have special lessons like ceramic lesson

The school:

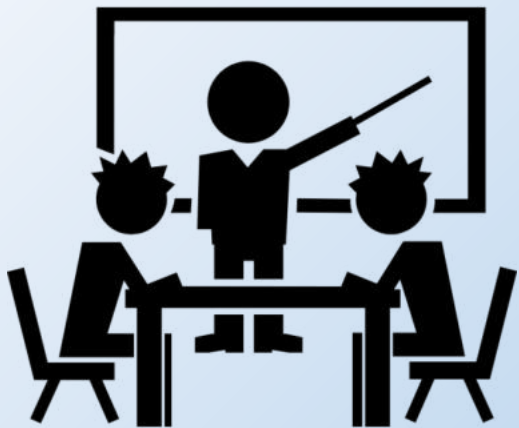

- This is an old school, but it looks like a modern building
- They have built some new rooms like the library
- It has got its own garden and vegetable garden
- We participated in some lessons, e.g. ICT, music, pottery and English

Free time programs

- Pula Arena
- Kamenjak National Park
- Saint Euphemia Cathedral
- Dolphin watching (we saw some, maybe 3 or 4)
- Boat trips
- Rovinj
- Akvarium

Students and teachers

- They were very kind and helpful too
- I still keep in touch with some of the students
- I think the time and the programs helped this

- Some of the Hungarian girls (Nóri, Barbi, Lelle and me) had our own meeting with the Croatian students at sunset. It was amazing.
