

ERASMUS TRIP TO ITALY

MADE BY: Tamás Szilárd
Botond Csernay

SUNDAY, ARRIVAL

On Sunday afternoon, we arrived in Milan and from there we took a bus to Novara. We left our luggage at the reception, and went for a walk, to explore the city. Some of the Italian teachers also came with us.

MONDAY

On Monday, we walked to the school, and the children played some music for us, and welcomed us to their school. Then some of the students showed us around the school, (for example: the music classroom, GYM)

Tuesday

On Tuesday, we painted a picture on the wall, which represents the three Erasmus+ countries, Greece, Italy and Hungary hugging each other. We also had a Geography class, where they showed us the map of Novara.

Wednesday

On Wednesday, we went to the Basilica in Novara, which has another building inside of it, and we went almost to the top of it, 140 metres out of 180. We couldn't go all the way up, because it would've been too risky.

Thursday

On Thursday we went to Torino by train and had a city tour. We took a view of the monument of Kossuth Lajos, the famous Hungarian, who lived his last years in Torino, we also saw the windows of his room. Then we ate a nice pizza and went home. Some of the students also came with us, for example the Greeks.

Friday

On Friday, we said our last goodbyes to the Italian guys and took the train to Milan. We went to the Duomo of Milan, and watched it from the inside, and the outside. Then we went to the roof of the building. We had a beautiful view to the square and the people.

We spent 45 minutes on the top and took a lot of photos – we could also see the centre of Milan.
