Day 1: arriving to Novara

We arrived at the airport at 6:45am. The plane landed in Milan at 10:40am. We took the bus to Novara. After arriving we went to explore the city as we couldn't check in to our hotel until 2:30pm. We went shopping and later we had dinner in a restaurant.

Day 2: Meeting new friends

We had breakfast at around 7:30am, then we took a 40 minute walk to the school. The principal introduced the school to us. They played a lot of Italian music. They played the piano, guitar, even the flute! After that, we had a geography lesson where we had to write about famous places in Novara. Then we had lunch and a P.E. lesson. We met a lot of new people on this day and made some new friends. We had a yoga lesson in the afternoon.

Day 3: Classes in school

We went to school by bus because it was raining in the morning. We had an English lesson where we had to voiceover the film Harry Potter. Next, we had a Geography class where we had to talk about how Smart City can change our life. After that, we had an art lesson where we painted on the walls to symbolise the connection between Hungary and Italy (and also Greece). We also went to the primary school. We spent the entire afternoon exploring and shopping in the city. We bought souvenirs.

Day 4: Going to Turin

On Thursday, we didn't go to school at all. Instead, we went to Turin. Some Italian students came along with us. We saw some beautiful buildings. We decided to stop for a snack before our main meal, so we had some cake. For lunch we all had pizza, which everyone absolutely loved!

Day 5: Last school day, Milan

On our last weekday we went to the Italian school for the last time. We said our goodbyes, some people even cried and the teachers all had a speech. After school we went to Milan. Our main destination was the Duomo of Milan which is a huge, really famous church. It was absolutely beautiful. A few hours later on our way back to Novara we went to the Galleria Vittorio Emanuele II.

Day 6: Last day in Italy

On our last day in Italy, the teachers allowed us to go somewhere in the city centre to look around and go shopping for the last time. Some Italians came along with us where we got to say goodbye. We bought our lunch at the airport. Our plane landed in Budapest at around 4pm.
