(04/05 – 10/05/2025)**

DAY 1 (05/05/2025)

After arriving at the school we met the students and the principal. After that we had some lessons. Then we went for a small trip around the hotel and bought some ice cream. After that we looked around for some restaurants for dinner and tried the famous Italian pizza.

DAY 2 (06/05/2025)

After we arrived to the school we painted one of the walls. We were 3 representing the three Erasmus countries (Hungary, Greece and Italy). Then we had a city tour with the Italian mates. At the end of the day we had dinner. Pizza again 😊

DAY 3 (07/05/2025)

When we arrived at the school, we had a Science class where we could see the DNA of a banana. When all the classes were finished, we had lunch at the mall. After that we went to the Cupola of Novara. It was wonderful and extremely high, 73 metres.

DAY 4 (08/05/2025)

When we arrived in Turin by train, we visited the centre of the city. After that we went to see the Mole Antonelliana and bought some souvenirs. We searched the Kossuth Lajos statue in Turin. For dinner we went back to the school.

DAY 5 (09/05/2025)

On the last day in Italy we attended some lessons again in Novara and travelled to Milan. In Milan we visited the huge Cathedral called Doumo. We climbed it's top to take some photos. After that we said goodbye to the Greek students. Finally we had the chance to see some really really good cars too.

THANKS FOR WATCHING!
